Edmonton, May 30, 1928.International Advertising, Con-
vention and Exposition to be held at
Detroit, July 8-12, is already be-
ing planned under one roof, every thing
relating to the exposition being
handled by the Canadian Pacific
Lines from New York Herald-Tribune
and other papers. The exposition
is being staged for a fortnight
and the opening is to be followed by a
week of special meetings. The
newly formed Canadian Pacific
Lines have been engaged to handle
the exposition.Sixty-five miles of irrigation fab-
rics in the Cluny River, New Bruns-
wick, were erected recently by
U. S. Middle West and a party
including W. McGehee, International
Irrigation Co., and Mr. J. A. Tamm,
were staying for a fortnight
at the Cluny River Irrigation project
which brought the growers a re-
turn of 200 bushels per acre, with
a crop value of \$280 an acre. The
water is 9,000 pounds to the acre or
at \$1.00 per acre per acre.The irrigation project is the
largest ever undertaken in Canada
and a consequent larger
irrigation project is now in
the works. The new irrigation project
will be a yield of 25,000 bushels per
acre, or a crop value of \$350 an acre,
which brought the growers a re-
turn of 200 bushels per acre, with
a crop value of \$280 an acre. The
water is 9,000 pounds to the acre or
at \$1.00 per acre per acre.Ottawa — The Department of
Agriculture has issued a report
on how to combat the rust
in wheat and barley.The report indicates that the
rust can be controlled by the use
of fungicides.The report states that the
fungicide should be applied to
the seedlings when they are
about 10 to 15 feet apart.The report further states that
the rust can be controlled by
the use of fungicides.The report further states that

JUNE

The poets have done well by June.

The subject supplies inspiration enough

for any poet to do his best.

The poet is creative with beauty;

it deserves all the great and little

poets have sung about it. Once

the poet is given a chance to express

himself he need not be afraid to do

what he wants to do.

Controversy Raging In Great Britain Over Prayer Book Measure

Details on the new proposed prayer book probably will not begin in the House of Commons before the end of June, but controversy over the changes is raging.

The proposed measure passed the first reading yesterday when the conservative committee of both houses voted to have it all referred to the Select Committee.

The legislative committee must now approve it before it is submitted to the House.

The principal opponents in the controversy, so far, are Sir William Grimston, secretary of state for foreign affairs, and the Rev. Arthur Foley Wintringham, bishop of London, who supports it.

The bishops precipitated the recent by circulating London Members of Parliament, urged them to support the measure. But the Select Committee decided that passage of the measure would be far more easily reached throughout the country by direct action.

Some Conservative Members

questioned the propriety

of the Duke's Society's action.

Others, in particular, asked

if the opponents of the measure were trying to drive the Anglo-Catholic out of the Church of England.

Others, who are ultra-Protestant in their doctrine, cannot pass the measure, since it would not only keep the Church of England, but to make in happy the Church of Wales.

Under the proposed measure, which is in its third reading, it will be

possible to add to the prayer book and devotions in one's own words.

"Your present policy, if successful,

can only lead to the disruption of

the Church of England, and, I fear,

more, no one would deplore this than yourself."

Discusses Exchange Of Lines

Conversation Between Prime Minister And Soviet Foreign Minister

Foreign Affairs Minister means no working out of exchange of facilities between the government telephone system and the telegraph department.

On Wednesday, he said, in a statement, he had been approached by the Soviet parliamentary committee.

The committee, he said, had approached him to discuss the matter in a confidential conference in connection with the matter was held between W. D. Robb, vice-president of Canadian National Railways, and Mr. Baxier, Deputy Minister of Telephones.

Mr. Robb is referring the question at the time to the head office of the Canadian National Railway Telegraphs and it is likely that a conference will be held.

Under the proposed plan the wires of the provincial telephone system will be connected to the Canadian National system in certain parts of the provinces for the transmission of telegraphic messages, while the provinces will be left to keep their own wires for switching their wires in other places by way of exchange. A similar arrangement is being made in some parts of the provinces to avoid the expense of having separate telephone systems between the provinces and the Canadian National Telephone Company.

Amendment Defeated

Anti-Dumping Move Lost By Large Majority

Ottawa, May 13.—An amendment introduced by the Progressive and U.P.C. members of the Canadian parliament to prohibit the importation of articles produced in Canada.

Mr. Robb, the Canadian Minister of Trade and Commerce, said that the government had no intention of supporting the amendment.

Canadian Exempted From Duty

Action Of British Treasury Will Greatly Help Hellos

London.—The British treasury has decided to allow all imports from Canada to be exempted from customs duty. The concession will greatly relieve difficulties of the Canadian government in getting out of debt.

The government, according to its budget for next year, has imposed a duty of 10 per cent. on all imports.

Amendment Defeated

Ottawa.—The Senate defeated the amendment to the act respecting inter-provincial and international traffic in motor vehicles, which would have restricted the transportation of one passenger from another to another of a half gallon or less. Senator Daundrean read protest from the provinces against the amendment.

Armsbith Sentence

Lyon, France.—Two Spanish anarchists, Ascano and Durutto were each sentenced to serve six months in prison for plotting to assassinate King Alfonso. They were expelled from Spain after having been arrested last year.

The plot, it was said, was to perpetrate an air raid on the Spanish capital.

Railway Manager Arrested

Winnipeg, Manitoba.—Police arrested Stanislaus Tadeusz Kowalewski, manager of the Canadian Pacific administration and their other man, charged with selling secret plans for Polish railway mobilization in case of war with Germany. The plot, it was said, was to perpetrate an air raid on the Canadian Pacific airplane manufacture.

W. N. U. 1731

May Make Separate Pact

British Dominions Could Seal Directly With Washington Peace Plan

Washington.—The proposal that the British Dominions may make separate treaties with Washington on outlay was being discussed here.

Secretary of State Kellogg, whose powers to disavow war as an instrument of national policy have been increased, has been asked to send a note to London to inform him that he had no official information

that any reserves would be demanded.

Both immigrants, he said, were being used extensively in this work.

No Opposition From Britain

Dot Chinese Troops Must Not Enter Legally At Peking

Washington.—The Canadian government has no intention to offer any opposition to the advance of the Chinese Nationalists on Peking, General Lester Lampson, under-secretary of state for foreign affairs told the House of Commons.

Mr. Locker-Lampson said the government's only care was to see that these troops did not enter the legacies.

He added that the Canadian

government had no objection to

British troops fighting in China.

He said, however, that the policy of the government was to decline to

cede to the Chinese the right to

occupy Peking.

Asked if the Dominions would have

any objection to the entry of Chinese

troops into the legacies, he said:

"I do not think there would be

any objection."

He added that the government

would not interfere with the

Chinese in their right to defend

their country.

He said, however, that the

Chinese should not interfere with

the legacies.

He said, however, that the

Chinese should not interfere with

the legacies.

Royal Bank Chamber, — M6718 — Calgary.

Town & District

Toddy Hatchet and R. Shatto have left by auto to view the Peace River country.

Mr. Tom Henderson left Sunday afternoon to spend a couple of months in Victoria, B. C.

That was another fine rain Sunday afternoon and night. May these showers continue.

That was a dandy local rain shower Thursday night—would that it has been more general.

The Queenstown tournament is the next big event in history. Arrowood has an eye on that \$150. purse.

Some of our farmers have found it necessary to resow some of their wheat owing to lack of moisture.

Last Thursday Rev. Mr. Webber arrived in town and spent a dry meeting his Gleichen friends.

W. E. Miller has completed the painting of Geo. Desjardin's residence, making it a very attractive home.

John House arrived in town last night from High River to visit his brother, Glen House. It is a number of years since John has been here and he noted many changes here.

Mrs. W. V. Evans and Mrs. L. McIntosh attended the Alberta Women's Institute annual convention at Gleichen three days last week and report it very interesting and enjoyable, being pronounced the biggest and best ever held.

Miss Andrew Young will hold her annual musical festival in the Gleichen Community Hall on Thursday evening, June 7th, which has now become one of the annual events looked forward to by all. Gleichen is the only place where all the little girls from year to year.

Charley McAuley has returned to Gleichen after a couple of years residence in the south country. Charley and his wife have made him a home here in future working at his trade as carpenter. Charley is one of Gleichen's oldest pioneers and has a number of friends throughout this district.

The many friends of Wm. Dauphine will be most pleased to learn that he is reported much better but still not out of danger. Wm. Dauphine left his home in Calgary on the first time in his illness and came down to their farm south of Arrowood to spend a short while with her parents, Mr. and Mrs. A. E. Jones, who are looking after their property.

Queenstown is preparing for a real celebration on Thursday, June 14th, with a baseball double header tournament comprising the same teams as played in Gleichen last Thursday, namely: Arrowood, Cardston, Gleichen and Queenstown. Other attractions included a horseshoe tournament and tug-of-war, all to wind up with a big dance that night in the Co-operative Hall.

GOVERNMENT ANNOUNCEMENTS

In connection with the extensive program of weed control and eradication to be conducted during the coming summer, the following conferences have been called to be held in various parts of the Province at a number of points in the Province in the next month.

These conferences will be attended by the Provincial and Experimental weed inspectors and local agricultural districts and councillors, rovers, executives, inspectors and other agricultural officials who are interested in the control and eradication of noxious weeds. The public is cordially invited to attend these free courses at which the approved methods of control and eradication of weeds will be outlined, and also the widest possible measure of support may be secured by the Department of Agriculture in the war being waged against these troublesome and costly pests.

COMING EVENTS

June 7—Picnic Recital in Gleichen Community Hall.

June 14—Queenstown Baseball Tournament Four teams entered.

June 15—Social Dance at Meadowbrook Hall.

Aug. 19 to 26—Gleichen Annual Canadian Champs.
